

**Blue lagoon**

## Advantages

- Enhances overall system safety and efficiency
- Prevents systems from running without flow, protecting pumps and equipment
- Compact design allows for easy installation in new or existing systems
- Easily integrates with other pool or spa equipment
- Reliable operation

	120 V (Type B)
Article number	5056584
Type	Type B
EAN	8714404044622
Voltage	120 V AC
Frequency	60 Hz
IP Class	54
Connection size, tee fitting	2"
Minimum flow	1,5 m³/h
Maximum flow	23 m³/h

	230 V (Type E)
Article number	5056586
Type	Type E
EAN	8714404044554
Voltage	230 V AC
Frequency	50 Hz
IP Class	54
Connection size, tee fitting	63 mm
Minimum flow	1,5 m³/h
Maximum flow	23 m³/h

	230 V (Type F)
Article number	5056579
Type	Type F
EAN	8714404044486
Voltage	230 V AC
Frequency	50 Hz
IP Class	54
Connection size, tee fitting	63 mm
Minimum flow	1,5 m³/h
Maximum flow	23 m³/h

	230 V (Type G)
Article number	5056587
Type	Type G
EAN	8714404044936
Voltage	230 V AC
Frequency	50 Hz
IP Class	54
Connection size, tee fitting	63 mm
Minimum flow	1,5 m³/h
Maximum flow	23 m³/h
